

### SEA HAVEN'S PROJECT LIGHTHOUSE

The intent of this program is to provide educational, informational, and prevention support for runaway or homeless street youth in order to reduce the daily risks for those youths and to convince and assist as many street youth as possible to utilize the available community resources in leaving the street for a more productive and safe life.

### SEA HAVEN INC. MISSION STATEMENT

The mission of Sea Haven Inc. is to extend a helping hand to those youth whose lives may be in disarray. We believe that through positive intervention we can promote opportunities for growth, learning, and happiness that might not be available in the experiences of such children. We intend our efforts to be supplementary to the already existing public sponsored programs.

#### We Provide:

- Access to non-residential services such as food, toiletries, showers and laundry facilities.
- Counseling services available.
- Opportunities to contact family and referrals to community services and other Sea Haven programs.
- Outreach teams making contact with youth on the street.
- Art, music, and dance opportunities available.
- Confidentiality of all records and information.
